 **Portfolio:** <https://sun29portfolio.netlify.app/>

PROFILE SUMMARY:-

Detail-oriented and passionate  **Software Engineer** and **Full Stack Developer** with hands-on experience in building scalable web applications using modern technologies like **React**, **Next.js**, **Node.js**, **MongoDB**, and **React Native**. Adept at developing both frontend and backend components, ensuring clean, efficient, and user-friendly digital solutions. Highly focused on optimizing performance and delivering high-quality applications.

PROJECTS:-

Engineer Stores – E-commerce Platform

 **Tech Stack:** MERN, Tailwind CSS, Redux |  **Role:** Full Stack Developer.

- Developed a responsive e-commerce platform with authentication, product filtering, and admin dashboard
- Integrated search, cart functionality, and payment gateway.

Threads – Real-Time Chat App

 **Tech Stack:** MERN, Socket.io, Chakra UI, JWT |  **Role:** Full Stack Developer

- Built a social app with post creation, real-time chat, notifications, and dark/light mode.
- Integrated JWT for authentication and Socket.io for live messaging.

Socially – Social Media Platform

 **Tech Stack:** Next.js, PostgreSQL, Prisma, Clerk |  **Role:** Full Stack Developer

- Developed a scalable social media app with API integration, file uploads, and caching.
- Used Prisma ORM and Clerk for authentication and optimized UI performance.

Doctor Appointment Booking System

 **Tech Stack:** MERN, Stripe API |  **Role:** Full Stack Developer

- Built a doctor appointment system with patient/doctor/admin authentication.
- Integrated online payments and appointment management.

EDUCATIONAL QUALIFICATION:-

B.Tech in Computer Science & Engineering

 Chhatrapati Shivaji Maharaj University, Panvel, Navi Mumbai, Maharashtra

 (Expected Graduation: June 2025)

Higher Secondary Certificate (HSC)

UP Board, 2021

Secondary School Certificate (SSC)

UP Board, 2019

CERTIFICATIONS / TRAINING:-

✓ Full Stack Development

LiveWire Training Institute, Maharashtra.
(Jan 2024 – Jun 2024)

✓ Diploma in Computer Applications (DCA)

STP Computer Education New Delhi.
(Dec 2023 – Jun 2024)

✓ Advanced Excel Course

STP Computer Education New Delhi.
(Oct 2023 – Nov 2023)

SKILLS:-

 **Programming Languages:** HTML, CSS, JavaScript, Node.js, TypeScript

 **Frameworks/Libraries:** Bootstrap, React, Next.js, React Native, Express.js, Angular

 **Database Technologies:** MongoDB, PostgreSQL, MySQL, NoSQL

 **Tools & Platforms:** Git, Docker, Postman

 **Other:** REST APIs, MS Office, Data Analysis

ACHIEVEMENTS:-

🌟 Exceptional Project in Threads App:

Developed a real-time chat app with features like post creation, messaging, and image support using MERN stack, Socket.io, and Chakra UI. Implemented JWT authentication for secure login and real-time features.

🌟 Top Performer in Full Stack Development Course:

Recognized as a top performer during the Full Stack Development course at LiveWire Training Institute, demonstrating proficiency in web application development.

🌟 Exceptional Project in Socially App:

Built a social media platform using Next.js and Prisma, focusing on server-side rendering, caching, and optimized performance for a smooth user experience.

🌟 Award for Doctor Appointment System:

Developed a full-fledged doctor appointment booking system with online payment integration, authentication for multiple roles, and management functionality.
